PROFILE

Seeking a challenging opportunity in the field of Artificial Intelligence and Machine Learning to Leverage my strong academic foundation in Computer Applications. Eager to apply my knowledge and skills to contribute to innovative projects and gain practical experience within a dynamic and collaborative work environment.

SCHOLARSHIP

Awarded the LILA POONAWALLA FOUNDATION Scholarship (2022–2026) in recognition of academic excellence and leadership potential. The scholarship provided financial assistance for higher education and supported my professional growth. As part of the program, I participated in specialized training on communication, career development, and technical skills like Basic & Advanced Excel, IOT, Blockchain, etc.

EDUCATION

Sri Sairam College of Engineering	2022 - 2026
Bachelor of Engineering in Artificial Intelligence and Machine Learning	8.825
New Baldwin International PU College	2021
PUC	94.3%
PCMB	
New Baldwin International School	2019
SSLC	83.8%

EXPERIENCE

- Data science Internship, CodeAlpha February 2025 - May 2025

PROJECTS

- **Chatbot**
Developed a chatbot using a pretrained model to respond to user queries efficiently.
- **Leaf Disease Detection, Animal Image Classification**
Developed CNN with transfer learning for plant leaf disease detection and for multi-class animal image classification..
- **Automated Air and Water quality Monitoring system**
ESP8266-based system with sensors and Blynk for real-time environmental data tracking.
- **AI-Powered Personal Tutor**
Developed an AI-driven LMS using Next.js and PostgreSQL to deliver personalized learning.

CERTIFICATES

- Data Mining
- Machine Learning

TECHNICAL SKILLS

- Python
- C
- Data Structures
- Power BI
- Machine Learning
- SQL
